How To Play Jeliku

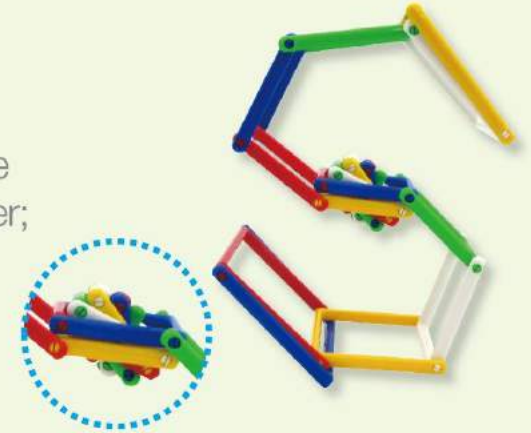

Bend

Jeliku consists of many U frames; you can rotate around each joint easily. To bend each frame with different angles is the basic way to play Jeliku.

Roll up

Roll up with 2, 3, 4 or more pieces together; to create a design with artistic sense.

Shuttle

Jeliku is composed of ascending frames, using the smaller one to shuttle other frames to build complicated modeling.

Close Together

Each frame can be compacted neatly, to simplify figure or form plane surface.

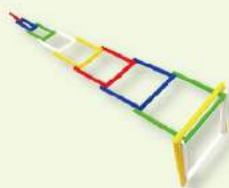

Connect

Connect the adjacent frames or many Jeliku together to create a unique and great architecture.
